EXPERIENCE

Frontend Web Developer Intern — TCR Innovation Jul '22 - Sep '22

- Implemented responsive user interfaces using HTML, CSS, and JavaScript, enhancing the overall user experience.
- Collaborated with cross-functional teams to integrate front-end elements with server-side logic.
- Conducted usability testing, gathered feedback, and iteratively improved interface designs.

Data Science Intern — CodSoft Oct '23 - Nov '23

- Applied statistical methods to analyze large datasets, extracting meaningful insights and trends.
- Utilized visualization tools to present complex data comprehensibly, facilitating better understanding.
- Collaborated with the development team to integrate data science solutions into the existing software architecture.

PROJECTS

E-Commerce Website — Web Development: Created a dynamic E-Commerce Website enabling secure buying and selling with a seamless shopping experience through diverse features.

Portfolio Website — Web Development: Crafted a Portfolio Website showcasing HTML, CSS, and JavaScript skills, serving as a centralized hub for potential employers to explore my professional profile, expertise, and projects.

LANGUAGES

English (Fluent), Hindi (Fluent), Marathi (Fluent)
